Dear Gary,

RE: Response to our Letter of March 25, 2020

During the current COVID-19 risk, we understand that things can be very busy, however, responding to the Union that represents your employees should be a priority. In our letter we ask for information on a wide ranging list of topics from health and safety to your approach to labour relations. It is concluded with a list of questions that are important to the employees at JLM.

We wrote to you on March 25, 2020, but unfortunately, we have not received a fulsome response from you. We ask that you immediately turn your attention to it and provide answers to each of our questions. If we do not receive a response by May 1, 2020, we will communicate with our Union membership about this lack of response. How have layoffs have impacted the employee at JLM? This leads us to ask what are your plans for their future return to work? We look forward to your immediate response.

Sincerely,

Thomas Hesse
President
