

COLLEEN EWEN
Walking Steward

I have done a tremendous amount of new, interesting and educational activities with our Union over the last 15 years. Advocating for my union family at Superstore being one of the most valuable as well, I am an active Union member through my stores Health & Safety committee, and Local 401's E-board, and I am also active in my community in many capacities from sitting on my community league's executive board to being an administrator for a few social interests groups including a local metal detecting club.

Over the last few years I had the honor to attend the Alberta Federation of Labour convention. I was elected as an Executive Board member for UFCW401. I participated in the mind-blowing experience of bargaining our current Superstore contract. I applied for, was accepted, and attended the UFCW Canada National convention in 2022.

Each of these events has given me a better understanding of how far reaching our union is. How important activism is to each and every one of us. How UFCW is an immensely vital part of change both for its members and for all of society. I would really appreciate the opportunity to represent my co-workers, my community and our local at the international convention this spring.

Thanks for reading, thanks for voting & thanks for being a part of this process.
